## Letter From MICHAEL

### Friends and Torah Fans,

The past 11 months at A Rood Awakening! International have been busy, and we've seen some amazing things unfold. I wanted to take a moment to share with you some of what's going on and where we're headed so that you can see how your support and prayers are bearing fruit. We appreciate you, and we want you to know that we are working hard to be good stewards of both the message and resources we have.

This year we have increased our YouTube viewership. We now have over 45,000 subscribers, and many of our videos have tens of thousands and even hundreds of thousands of views. If you don't know it yet, many of my best teachings are available for free on YouTube, so please share them with your friends, family, and foes through email or social media. It's a fast, free way to get the word out there all over the world.

That's not the only way we are reaching the masses, though. We are now airing on television in more countries than we ever have before. We have been working diligently this year on The Chronological Gospels series so that people all over the planet can hear "the greatest story never told". We have seen doors open regarding television that we never imagined. I know there are people out there so hungry for the truth, and we are building opportunities to feed them.

This year DIRECTV came out to Charlotte and

Israel with me to film parts of a documentary they did called The Sign that came out in time for the great American eclipse in September. We have also hired great new staff, had exciting guests join us on Shabbat Night Live, made significant strides on the Spanish side of the ministry, and planned an ambitious year to come.

Among our goals for the coming months is another partnership with DIRECTV. We are working on a new documentary that has the potential to reach brand new audiences. We are also going to be joining a new TV network, which would mean huge viewership gains. This is, of course, all in addition to our continued work on the publishing of the Astronomically and Agriculturally Corrected Biblical Hebrew Calendar, the translation work we are doing in many languages, weekly fellowship through Shabbat Night Live, our world-class events including our largest Passover ever, radio partnerships, and a third season of The Chronological Gospels television series.

We are continuously pushing the envelope of what is possible to get the message to the world, and you are helping us do that. Thank you for your continued involvement, support, and prayers. You are making a difference in the lives of people across the globe, and the number of people reached continues to grow daily. As always, we love to hear from you. We are grateful that you are here with us, doing the work of the Kingdom. May we remain steadfast in our mission together to bring light into the darkness.

Shalom

Michael Rood

# Letter From ANNY

I just got off the phone with an Arch Bishop from the Catholic Diocese. This gentleman has only known the Catholic Church. His entire life has been centered around the doctrine, beliefs, and understanding he has gained from this church organization. He is responsible for the lives of millions under his leadership. He is also not the first Arch Bishop to support this ministry and it's message – to restore the Hebrew Roots of the Christian faith.

But a few months ago, a stirring began in his spirit and that lead him to find The Chronological Gospels on Christian television. In his words, the scales from his eyes have fallen, scales he didn't realize he had. His journey into truth is just beginning after 50 years serving the Catholic Church but God has never been clearer to him.

And this is all thanks to you. If you are receiving this newsletter it is because you have donated to A Rood Awakening!, International in the previous year which means you had a direct impact on millions of lives in this year alone. We are only able to share a small portion of the stories that pour into this office on a daily basis,

but know that you are opening doors for others to understand the Bible's message.

On behalf of the Arch Bishop and all other church clergy who are now reading their Bibles without blinders, the lost sheep who have lived lives without God, the hopeful searching for answers, and the confused, hurt, angry, ignorant souls, thank you for taking our mandate as believers seriously. Thank you for sowing into the salvation of others.

You may not know the impact you have on the millions of lives that you're touching each day with the message of Yeshua, but know that one day you will understand how important you were to the work of YeHoVaH.

# Help Us Build **BOMB SHELTERS** In Israel

Every year an average of 1,000 enemy rockets rain down on Israel. An entire generation of Israeli children have grown up knowing they have just 15 seconds to escape to a bomb shelter once they hear a siren wail.

This month, Michael Rood is doing something special for Israeli families caught in this terrible trap, and you can be a part of it.

## YOUR GIFT FUNDS BOMB SHELTERS DECEMBER ONLY!

# TEDD TALKS

WITH TEDD CLAYTON, COO

*Shalom dear friends  
in Messiah Yeshua*

YOUR ministry, A Rood Awakening! International has been able to touch more lives with the Truth than ever before. As you may have read in last month's Rood Review Newsletter, our goals for 2018 range from expanding our reach to the lost on television (Goode TV in Asia and The History Channel in America) and radio (Rood Radio and shortwave radio) to new media outreaches like AppleTV, Netflix, Amazon Prime Video, apps for your iPhone and Android devices, and Amazon Echo skills.

Why do we need to do this? Because the fields are ripe for the harvest. Never before in the history of man has the Gospel of Yeshua been able to reach the lost of the world like we are able to today. And honestly, the methods of reaching souls are ever changing. More people are watching Michael on their computers and smartphones and we must reach out to them in the way that they are accustomed.

At the end of the year, we plan new initiatives according to what we can afford to do. This is why end-of-year giving is the most important time of the year to give. It helps us to plan for the coming year and beyond.

With your help, we can make 2018 the best year for outreach in the history of A Rood Awakening! International. Everyone's ability to give is different. If you can give \$2, then give \$2. If you can bless us with a gift of \$10,000, well that's just more seed for the fields. We take your giving very seriously and we strive to be good stewards of the financial miracles we receive.

Help us take the Truth of The Almighty to every corner of the planet. Without you, we can do nothing...

Blessings,

*Tedd*
