Letter From MICHAEL

Friends & Torah Fans,

As we near the end of the biblical year, we think about the time we have left. Some years we are given an extra month to allow the barley to mature, some years we aren't. Toward the end of the Messiah's 70-week ministry, there was a thirteenth month. He had a little extra time, and he knew exactly what was at stake and what would be happening as the new biblical year started. He knew he would be crucified and that his mission on earth would be completed. The thirteenth month was precious time — the last weeks he had until going up to Jerusalem to prepare for Passover.

We thank you for being a voice that speaks the truth and love of the Almighty along with us.

We don't know exactly how much time each of us has in this lifetime, but we do know what's at stake. We can do our very best every day knowing that we have a mission and that any time we have left is precious. When the Messiah knew he had an extra month that year, he went back up to the Galilee. In this extra time he was sharing the Gospel of the Kingdom, reaching out to those

that needed to hear the truth. These were some of the last conversations he had before the threat of being arrested and taken into custody was heavy upon him.

Our ministry is to spread the Gospel of the Kingdom far and wide. We are here to provide you with materials that can start conversations and then keep them going. We thank you for being the hands that hold out a copy of *The Great Secret of Solomon's Temple* to your neighbor. We thank you for being the fingers that click "share" on the A Rood Awakening from Israel episode of *Truth and Tradition* on YouTube. We thank you for being a voice that speaks the truth and love of the Almighty along with us.

This year we are not expecting a thirteenth month. There is no extra time. We are just weeks from the end of the biblical year, and then it is the month of the Passover. What conversations are you going to have in the next few weeks? Who are you going to reach? It can be easy to fall into complacency, thinking there is plenty of time, but there are so many people out there that need to hear the message of the Messiah, and they need it now. It's time to gear up and get moving; there is no time to waste.

We are working hard here, and we know you are, too. Let's make the time we have count. Your hands, your voice, your support, and your prayers make a difference. We are so glad to be on this adventure with you. Thank you.

Shalom

Michael Rood

What is a Guardian?

“guard·i·an”
/'gärdēən/ 

noun

a defender, protector, or keeper.

According to Dictionary.com, a guardian is “a person who guards, protects, or serves.” There is so much meaning and significance in this one word that it is obvious why the Creator chose it to represent His will for His people when it comes to things that are important to Him. Things like the Sabbath, the Feast Days (Holy Days), and His method of time keeping.

In Deuteronomy 5:12 YeHoVaH commands us to “keep the Sabbath day” (NKJV). The Hebrew word for “keep” is “shamar” which means to guard, keep watch, to protect against anything or anyone that tries to take it from us. With this understanding, it is safe to say that YeHoVaH is calling His people to “guard”, “protect”, and “serve” in the areas He specifies. When we look at being a Guardian of the Aviv from this perspective, it takes on a whole new light and provokes a new level of commitment, mission, and purpose.

I remember the day like it was yesterday when I discovered the difference between “keep” and “guard”. The Bible took on a whole new meaning for me, especially in regard to our relationship to the commandments of YeHoVaH. Back in the days before my understanding of the word

“guard”, I would tell people that I was a “Sabbath Keeper” or that I “kept the feasts of the LORD”. I would even say that “I kept the Creator’s calendar.” However, since gaining the right perspective of my duty and mission as a child of YeHoVaH, I now like to explain to people that I guard the feasts of YeHoVaH and that I guard the Sabbath day each week. It piques people’s curiosity because of the deep meaning behind the phrase. In essence, I am telling people that I am not only keeping and observing YeHoVaH’s feast days and weekly Sabbaths, I am guarding and protecting them from being taken from me, my family, and the people I care about.

For those of you who are Aviv Fellowship leaders and or members, I pray that you understand the commission that has been set before you. I hope that your perception of being a “Guardian of the Aviv” takes on a whole new meaning in 2018 and into the new biblical year when the barley is Aviv. For those of you who are not associated with or have not found an Aviv Fellowship, I pray that a fire is kindled in you that drives you to either find a fellowship or start a fellowship in the days and months ahead. It is time to truly take a stand and be a part of the expansion of the Kingdom of YeHoVaH.

Shalom,

NEW AMBASSADOR CLUB

The Ambassador Club (Bring It To The World) started in 2013 with a desire to air Michael Rood's material on television for the world to hear the message of YeHoVaH. After a few short months, we aired in over 130 countries around the world and it was all thanks to our Ambassador Club members.

We have a mandate to take the Gospel of the Kingdom to the whole world as a testimony to all nations — and here at A Rood Awakening! International we do not take this command lightly! Alongside our committed Ambassador Club members, we understand the importance of reaching the unbelievers, lost, and confused.

So, for 2018 we are reinforcing our Ambassador Club to its original mission: To take the Gospel of the Kingdom to all the

world. For your donation of \$100 a month — just \$3.29 per day — you can provide others the opportunity to hear the same message of truth that led you down this journey yourself.

Amy

"I wanted to be a part of the ministry because I knew the message that Michael had was vital for the world to be able to know the truth."

- Greg

"It is very seldom that you get to be a part of something like this. To belong to something where you can say, 'I did that — I was part of that!' So, my message to anyone that wants to be an Ambassador is the satisfaction that you are sending shockwaves around the world."

- Sean

My name is Allison Terry and I am your Ambassador Liaison. I look forward to getting to know you and working with you. My hope is to empower you as a member of the Ambassador Club to fulfill your mission in reaching the nations with YeHoVaH's Word!

The excitement from new Ambassador Club members is spreading like wildfire! As Anny mentioned, our Ambassadors have always helped us get the message out to the world and have always been the evangelists of this ministry — but our Ambassadors are so much more! They are evangelists with a heart to point people back to Torah where they can truly see Yeshua!

Our Ambassadors, Michael, and the Rood Crew are bringing YeHoVaH's people back to Yeshua's true message of the Kingdom. I am excited to see what YeHoVaH has in store for this ministry in 2018 and want nothing more than to see more Ambassadors — like you — partner with us at this exciting time!

The Health Awakening with Scott Laird, ND Gratitude Equals Altitude

I'm sure you've heard of the power of positive thinking. Some people use it when they're trying to achieve a particular goal, and there are even documented cases of people thinking themselves out of illness — even cancer — using the power of their mind to visualize the body healing itself.

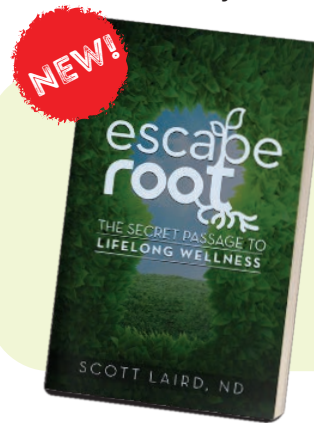

Apart from the power of prayer, we as believers may consider that as odd or even as witchcraft. But I challenge you to think beyond that. I honestly believe we don't give enough credit to YeHoVaH for the amazing abilities he has built into our physical bodies, abilities we have yet to discover, controlled by our state of mind.

Take gratitude, for example. According to an article by the UC Davis Medical Center*, health care practitioners who counted their blessings through writing a "gratitude diary" for two weeks had 16% less depression and 28% less stress. Gratitude is also linked to having lower blood

pressure, 23% less stress hormone (cortisol), and 41% less risk of depression. Grateful patients with Stage B asymptomatic heart failure were 16% less depressed, 20% less fatigued, and 18% more likely to believe they could control the symptoms of their illness compared to those less grateful.

Being grateful is literally good for you! So, stop and think about your blessings, thank YeHoVaH for them, and you'll be empowered with a healthier body to do the things He asks of you.
