LOVE GIFT:
PETER'S VISION

DEAR TORAH FAN,

I want to ask you a question, and it's going to sound like an easy one. Can you count to three? Hopefully, you can. Most of us, by the time we start school, can count to three. However, it seems most modern-day Christians cannot. One of the most significant facts about the death and resurrection of Yeshua has been taught incorrectly for thousands of years. The Christian Church has blindly accepted the pagan tradition that Yeshua was crucified on Good Friday and rose from the dead on Easter Sunday. This is one of the greatest deceptions ever to be propagated.

IT'S TIME TO SET THE RECORD STRAIGHT.

In the highly anticipated series, *The Chronological Gospels: Season 3*, I will strip away decades of incorrect doctrine and outright ignorance as I revisit *The Sign of Jonah*. For anyone who is still entrenched in mindless, or even dangerous tradition, you don't want to miss this. As I delve into what the Bible *actually* says,

as opposed to what we've been wrongly taught, the "three and a half year ministry" of Yeshua will fall apart. This series will bring you the truth about Yeshua—how long his ministry lasted, including the significance of the feasts during that time, and what really happened during the *three days and three nights* he was in the tomb.

.....
**Together, we can
tear down the
pagan altars of
falsehood and dig
into the truth
about our Messiah.**
.....

Join me for this epic new series, coming soon. Together, we can tear down the pagan altars of falsehood and dig into the truth about our Messiah. In these uncertain times, we cannot afford to be mindless. Let us be mindful. Let us be discerning, casting off lies and complacency, and be ever-ready to answer the call of the Almighty.

See page 6 for more information on
The Chronological Gospels: Season 3

I hope to see YOU on the sea of fire and glass.

Welcome DAVID ROBINSON

A NEW SEASON FOR AVIV FELLOWSHIPS

Oh, how the time flies! I remember like it was yesterday. Back in April of 2015, I first contacted the Aviv Fellowships beta testing team to see who would be interested in helping us start something called Aviv Fellowships.

Invitation Email Excerpt: “Aviv Fellowships International is going to act as a foundation for Hebrew Roots Fellowships around the world. Our desire is to bring quality teaching, targeted resources, encouragement, accountability, identity, and connection to every home group leader, fellowship leader, and congregation pastor around the globe that hold the same Hebraic foundational convictions that we at A Rood Awakening hold to be true. Not only will this bring a sense of community among the leaders within this movement, it will provide a database for people to be able to find a fellowship near them that holds the same biblical values that they do.”

WE HAD HOPES THAT AVIV FELLOWSHIPS WOULD BE GLOBALLY ACCEPTED AND EMBRACED — WE HAD NO IDEA THE AMOUNT OF INTEREST IT WOULD GENERATE!

Needless to say, the growth of Aviv Fellowships over the last 3.5 years has been exponential, and we give YeHoVaH all the glory.

All that being said, a lot has changed over the last 3.5 years. The Father has moved me into a new season at A Rood Awakening! International.

As such, the staff has been praying for some time now that the Father would bring the right person to take the lead. He has done just that! One of our new staff members, **David Robinson** is a perfect fit.

David has a long resumé as a Pastor and leader within the Hebrew Roots community and is definitely the right person to take the reins and direct Aviv Fellowships into the future.

We are excited for the future of Aviv Fellowships and we know that under the leadership of David Robinson, Aviv Fellowships will continue to grow and do great things for YeHoVaH.

“

UNDER THE LEADERSHIP OF DAVID ROBINSON, AVIV FELLOWSHIPS WILL CONTINUE TO GROW AND DO GREAT THINGS FOR YEHOVAH!

“

I have had my life turned around by your ministry.

I used to be a Lutheran who celebrated Pagan holidays. I worshipped on Sunday and participated in sinful activities that not only made me seem like a bad person, but made me question myself.

In the year 2016, I met a girl and fell in love. For some reason, this sparked a change in me. I was still attending a Christian church, including Easter sunrise service, but I felt something pulling me to be different. I just didn't know how. Soon afterward, I discovered A Rood Awakening! International. I was examining the archeological claims of Ron Wyatt when I came across one of Michael's teachings about Sodom and Gomorrah. In the spring of that year, I discovered the true name of God, YeHoVaH.

I spent the summer watching teachings, strengthening my new faith, and even debating an evolutionist about the existence of God. My journey has helped me discover the Torah, rediscover the Gospels, and finally differentiate between pagan practices and the Feasts of YeHoVaH.

I have no doubt that YeHoVaH is my creator and that the Bible is true. I look forward to being mikvehed so that I can wash away my past. I look forward to teaching my family, my friends, and my future wife the Truth. Finally, I look for the return of the Messiah.

Thank you so much Michael Rood for leading me out of Babylon.

“

I was an atheist for over 30 years.

During those years, I often longed to be hit by a bus so it would all be over. God saved my life in 1999 and I promised to spend the rest of my life seeking Him. Shortly after my healing, I bought a Bible. Three months later, I accepted Yeshua as my savior. My family and I began attending church, but we learned about the true Sabbath during a prophecy seminar.

Because I was hungrily reading the Word, it quickly became apparent that many religious teachings did not line up with the Word. When our church rejected Halloween from the pulpit, but wanted to decorate for the holiday, I was appalled. The spirit convicted me, and continued to do so with regards to Christmas and other Pagan holidays.

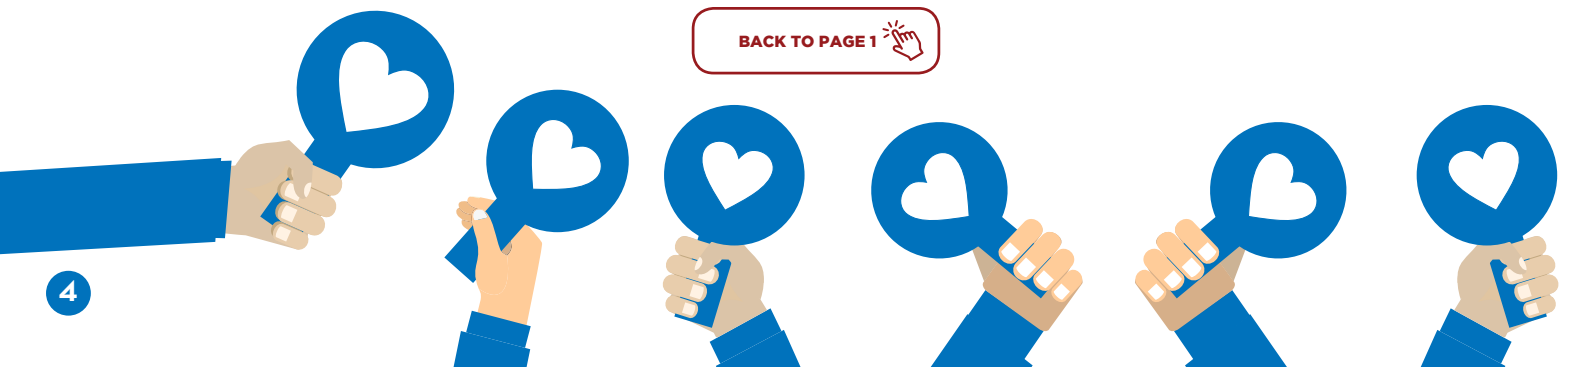

Some time later, I was watching television and came across Michael Rood. He was teaching how most Christians can't even "count to three." I was hooked and ordered the series. I now share the Truth with everyone. I believe we should always be searching for the Truth. I'll never feel at home in this world. I believe His children never will. But I'm so grateful to Michael and the team for spreading the message of our Hebrew Roots.

Thank you for making the truth clear.

INTERNAL SUNSCREEN

By Scott Laird, ND

When you're out in the sun, you are exposing your skin, which is your body's largest organ. Just like any other organ, your skin's ability to resist oxidation and disease depends on what you eat, because everything you eat eventually makes its way to your organs. That's why the symptoms of skin conditions like eczema and psoriasis can often be corrected with diet change; more often than not, these symptoms are simply a result of the body reacting to an improper diet. It is trying to push out the toxins in any way it can, including through the skin.

Now, if everything you eat makes its way to your skin, and if you eat a diet like everyone else (full of foods that do not equip the body's cells to protect themselves), you will render your skin defenseless against the oxidizing rays of the sun because the cells are ill-prepared to deal with the threat. This, in turn, causes them to malfunction, leading to diseases like skin cancer. But when you eat a diet rich in raw, living foods loaded with antioxidants, every organ in your body, including your skin, is well-equipped to reverse oxidative damage. So, instead of malfunctioning when the sun hits your skin, your skin knows exactly what to do. It absorbs the UVB rays from the sun and uses the beneficial oils in your skin (derived from eating proper foods) to convert cholesterol into pre-vitamin D3, which benefits your entire body.

Now, if everything you eat makes its way to your skin, and if you eat a diet like everyone else (full of foods that do not equip the body's cells to protect themselves), you will render your skin defenseless against the oxidizing rays of the sun because the cells are ill-prepared to deal with the threat.

Contrary to the advice we've heard all our lives, it turns out that the best time to absorb beneficial UVB rays is between 10:00am and 2:00pm, when the UV index is above 3. Granted, when the sun is directly overhead, you must also be extra diligent not to burn. Outside of these prime hours, when the sun's rays are at an angle that forces them to pass through more of the atmosphere, less sunlight is absorbed into your skin and, ultimately, less vitamin D is created.

To this point, in April 2017, The Vitamin D Society of Canada published a press release, noting:

"A recent study reported that women who avoided the sun have twice the risk of all-cause death. The authors said that 'avoidance of sun exposure is a risk factor for death of a similar magnitude as smoking.'"

THE CHRONOLOGICAL GOSPELS: SEASON 3 WILL TACKLE THE MOST SIGNIFICANT PROPHECY OF YESHUA'S MINISTRY

"For as Jonah was three days and three nights in the belly of a huge fish, so the Son of Man will be three days and three nights in the heart of the earth."

✈️ STAYING ON Course

I believe that A Rood Awakening! International has some of the most committed, dedicated, and selfless partners on the planet. You step up to the plate when we have a financial need or when we have an urgent prayer request. You are willing to forsake all and join forces, and we truly appreciate you.

Our Ambassadors are missionaries: People who want nothing in return for their contribution other than seeing the Gospel brought to the world, reaching the lost, and healing the broken.

“And he said unto them, Go ye into all the world, and preach the gospel to every creature.”

- Mark 15:16

The word “commit” is defined in the English Dictionary as follows:

Commit

/com•mit/ verb

The state or quality of being dedicated to a cause, activity, etc.

Synonyms: dedication, devotion, allegiance, loyalty, faithfulness, fidelity.

AMBASSADOR CLUB

These words describe who YOU are, Ambassadors, and we honestly could not do this without your support and commitment. Which brings me to my plea:

We count on your yearly/monthly pledges to help us stay on the air. We totally understand there are times and reasons people have to withdraw their pledge due to financial changes, hardships, etc. But if we can stay the course, even through the hardships, it means reaching nations and people who have never heard Truth. It means reaching people whose lives hang in the balance.

Commitment is everything. It's what being an Ambassador is all about.

So, let us continue to keep our hearts focused on the call to spread the Gospel. If you are not already an Ambassador, may I encourage you to join us! You will make a difference for Eternity, and, one day, you will see those whose lives you have changed – all because of a modest, monthly commitment.

**Baruch Haba B'Shem YeHoVaH.
“Blessed is he who comes in the Name of Yeshua.”**
