HOW TO BE MORE LIKE YESHUA JULY 2020

## DEAR TORAH FAN,

With every miracle that Yeshua does, he is vehemently, repeatedly violating the man-made rules of the Pharisees — this is our very first clue into the concept of the Gospel of the Kingdom. Everything Yeshua does in the Gospels, everything he says, every confrontation, every insult and every offense that he commits against the scribes and the Pharisees is a declaration of the Gospel of the Kingdom. This is our example; this is what we are supposed to do. We are supposed to be as offensive as he was.

---

*If you want to be more like Jesus, then you will be offensive against those who have added to or subtracted from the commandments that God gave to us at Mount Sinai in the name of their own religious system.*

---

Every denomination, whether Jewish or Gentile, is made up of the doctrines of men. They make up dogmas and baseless rules and regulations in order to manipulate, intimidate and control. These “religions” are not only the opiate of the people, they are the broad path that leads to destruction.

We want to get off that path. We want to enter into the narrow gate that leads to salvation. Salvation in Greek is the word “sodzo” meaning wholeness. Like the leper whose faith made him whole (physically), our faith in Yeshua makes us whole (spiritually). When we truly follow Yeshua and do as he did, we are responding appropriately to his call. Indeed, many are called but few respond appropriately by volunteering the tablets of their heart so that Yeshua can write his Torah on it. Most people don’t do that. Instead, they want to continue living the way they always have, calling him “Lord” but not obeying him as such.

I’ve been on this path my entire life and I want to share with you what I have found. I want to offer you the same refreshing drink of the word that I have received. I asked the Almighty to teach me his ways, to love what he loves and hate what he hates — so that I could be more like Yeshua. Thank you for standing with me as we march toward this common goal.

MICHAEL ROOD PRESENTS

# BLINDNESS OF THE GENTILES

**In his epistle to the Romans, Paul says, “blindness in part has happened to Israel until the fullness of the Gentiles has come in.” Today, the tables have turned.**

Misinterpretation of the scriptures has blinded modern Gentiles, creating a false narrative of the Messiah – an evangelistic holocaust by which the blind lead the blind down a path to destruction.

*Blindness of the Gentiles* is an emergency measure to reverse the damage and protect the integrity of the scriptures. Using the Acts (of the Jewish apostles) as his focus, Michael Rood strips away errors and assumptions to re-establish what it means to be “born again”.

# DO WHAT NO ONE ELSE IS DOING

By Scott Laird, ND

On the front page of this newsletter, Michael Rood encourages you to avoid the broad path that leads to destruction — the easy (dare I say “lazy”) path of faith that most others take simply because “everyone else is doing it.” The same could be said for physical health. When you decide to take the “narrow path” of physical health, it is indeed a lonely road, but the payoff is that the world’s disease statistics won’t apply to you.

Think about it: A statistic that says that “1 in ‘x’ Americans will get stuck in an elevator in their lifetime” doesn’t apply to you if you never use an elevator. Likewise, a statistic that claims “1 in ‘x’ Americans will develop ‘this or that’ disease” is derived from a sample of typical Americans who may or may not be watching their diet and lifestyle. If you are indeed one of the rare ones actually looking after your health and lifestyle, then you are not part of that statistic, and the results (and threat) do not apply to you.

In other words, when you decide to take care of your health in a way that is better than those around you, you are taking yourself OUT of the game, the game of modern medicine that, too often, is contrary to the ways of the Almighty and, not to mention, contrary to a doctor’s Hippocratic Oath. You may find it interesting, by the way, that the Hippocratic Oath has been changed in recent years. The “classic version” included these two statements:

*“I will apply dietetic measures for the benefit of the sick according to my ability and judgment; I will keep them from harm and injustice.*

*“I will neither give a deadly drug to anybody who asked for it, nor will I make a suggestion to this effect. Similarly I will not give to a woman an abortive remedy. In purity and holiness I will guard my life and my art.”*

In shocking contrast, the “modern version” of the Hippocratic Oath explicitly **OMITS** any mention of diet for the treatment of disease, the refusal to administer deadly drugs or induce abortions, and the pledge to guard the medical art in purity and holiness. Check out the differences for yourself: [ARoodAwakening.tv/Oath](http://ARoodAwakening.tv/Oath)

Speaking of “dietetic measures,” remember that you literally are what you eat. The way your body responds to everyday lifestyle factors will be significantly superior when you choose to eat a high percentage of raw, living, plant-based foods and juices because your body will be properly equipped to deal with the situation instead of succumbing to disease — and that, my friend, is the narrow path that leads to physical life.
