You Have What It Takes To Change Someone's Life

We live in a world that never seems to have “enough”, or at least we don’t think we do. It’s that kind of thinking that keeps us from doing what Yeshua told us to do. But Yeshua didn’t teach us to be fearful or anxious; he taught us to be bold, and to know that we will lack nothing, even if we don’t think we have what it takes to do the job (Luke 22:35). We serve a King who has immeasurable abundance at his disposal — we can give abundantly knowing that anything we do for him will be given back to us.

However, there is one scarcity we all have. It’s not a lack of resources; it’s a lack of time. Indeed, this is our moment. While the world cowers over the economy, war, and uncertainty, this is your chance to stand with us to shake the world from a slumber of faith without substance.

When you give, you fund the teachings we broadcast that are restoring faith and vigor for thousands across the globe to serve the King of Kings in a renewed definition of what it means to be a believer. It’s working, and we must keep going. As you read this, we are planning our broadcasts for 2024. These broadcasts will help expand our net as fishers of men, and with your help, we can lock in these plans.

It’s not just a donation. It’s someone’s faith on the line.

Every day we hear testimonies of people who say that something they saw from A Rood Awakening! International that changed their life and renewed their faith. But without you, not one minute of what we teach can be seen by anyone.

Thank you in advance for your end-of-year gift. It means the world to me, and it means a renewed eternity for those whose eyes are opened because you gave to this ministry.

See you when the smoke clears,

Michael J. Rood

Praise YeHoVaH!

We love to pray with you — and we love to hear the results, too! Here's an amazing way the Almighty has intervened in the life of a believer like you!

"I was a hopeless drug addict living in Kentucky with my husband. I found a teaching he had from Michael Rood and I listened to it several times (my parents had already begun discovering their Hebrew roots). I listen to Shabbat Night Live every Friday and I listen to Michael's teachings sometimes all day long — his powerful words from YeHoVaH changed my life! We are praying for Michael's complete recovery, we love all of you and Praise Yehovah. Shalom!"

"My half-sister Allyson was raised in the catholic church and I was raised in the episcopal church. Over our lives and after the death of our parents, Allyson and I have built a long distance relationship. Recently, I sent Allyson two copies of The Chronological Gospels and we are reading it together every week and discussing it! I witnessed to her about my life being raised in the episcopal church and being mikveh'ed in the Jordan River with my wife on Michael's last Rood Tour. Allyson has now been mikveh'ed and she is the happiest she's ever been! Praise YeHoVaH for Michael, The Rood Crew, and your families that love and support your work! Shalom and mucho love!"

"Matt and I have been married for 12 years, and we were both told we could not have children — we tried everything but nothing worked — until now. The birth of our daughter Olivia is a fulfillment of scripture that says if you are faithful then none will be barren (Deuteronomy 7:12-14). My pregnancy was truly remarkable, and a promise from YeHoVaH. Throughout my entire pregnancy she was a testimony. She surely is a miracle, and she is our testimony to scripture. All I can do is praise YeHoVaH every day."

Ron Wyatt Revisited

with Kevin Fisher

Ron Wyatt was an amateur archaeologist in the 1970s and 1980s who claimed to have found several of the world's most sought-after biblical artifacts including Noah's Ark, the Ark of The Covenant, the Red Sea Crossing, and many others.

But is there any proof of these claims? And what new evidence has emerged in recent years?

Kevin Fisher sheds new light, new video footage, new eye witness accounts, and new details of the incredible archaeological discoveries unearthed by the late Ron Wyatt. This series will forever silence the skeptics and excite believers who knew all along — Ron Wyatt was right!

November Love Gift Collection

From Nazis and NASA to the ancient days of Noah, deception has been the enemy's greatest tool to turn man's attention away from the Almighty and think more highly of himself. But there's one deception coming that is more dangerous than all others.

Through his 12-year career at NASA, David Beverley had developed amazing technology for scientific exploration at both the North Pole and the South Pole — but his greatest learning experience came not from man's inventions, but the Holy Spirit.

In "The Great Deception," David reveals the mind-blowing deception we've been under since the beginning of time, who's behind it, and why most believers will never see the greatest deception of all, right at our doorstep.
