Restoring the Hebrew roots of the Christian faith

September 2025

Ready... and Waiting

Yom Teruah often called the Feast of Trumpets or Day of Shouting, is one of the most prophetically significant Feasts of the LORD. Celebrated on the first day of the seventh month (aka Tishri), Yom Teruah is marked by the sounding of the shofar (ram's horn), signaling both a historical event and a future prophetic fulfillment.

The Hebrew word "teruah" means "a loud blast" or "shout," echoing the ancient day that YeHoVaH thundered the Ten Commandments in blazing fire atop Mount Sinai, now flanking the foundations of Neom, the soon-to-be ultratech megacity in present-day Saudi Arabia.

But its deeper significance lies in its prophetic message: Yom Teruah is a rehearsal for Yeshua's return. Because Yom Teruah begins only after the sighting of the new moon, we can determine the season and know when it will occur within a day or two, allowing us to prepare for it. Yet no one knows the exact day or hour it starts — a direct parallel to Yeshua's statement that "no one knows the day or hour" of His return (Matthew 24:36).

Just as Yeshua fulfilled the Spring Feasts during His first coming, the Fall Feasts, especially Yom Teruah, point to His return. The shofar's blast signals the resurrection of the righteous, often referred to as the "rapture," and calls believers to repentance, humility, and spiritual readiness.

It's a spiritual wake-up call, as the next event is the most ominous on the calendar: Yom Kippur — The Day of Atonement.

Torah fans, it's time to examine our lives and return to the ways of the Almighty. With Yom Teruah upon us as soon as September 23, let's treat it as more than a biblical tradition — it's a divine appointment pointing to Messiah's imminent return.

Watching and waiting.

MICHAEL ROOD PRESENTS

MYSTERY OF INIQUITY

The Christian world is sound asleep. No one is paying attention to what the Word of YeHoVaH says; if they were, the pre-tribulation rapture would be denounced for what it truly is: HERESY.

Yeshua cannot and will not return until all is fulfilled. It is not an opinion. It is written.

Based on Michael Rood's best-selling book, *Mystery of Iniquity* is a 9-episode series that exposes and extinguishes the strong delusion that has become the false hope of the Christian church... and prepares you to endure the uncomfortable reality of what "must come to pass."

Love Gift Collection September

Calendar debates are a common source of tension in Messianic communities. Some believers hold tightly to their calendar views, while others are more open to dialogue and understanding. But what happens when a calendar interpretation begins to contradict Scripture?

In this detailed, step-by-step teaching, Eric Sandusky, founder of The Bereshit Restoration Project, examines the Zadok calendar, raising serious questions and offering insights to encourage reconsideration.

Take careful notes. As the end of days draws near, calendar disagreements are becoming a distraction and point of division among believers—one we can't afford to ignore.
